

Managing GBV Programmes in Emergencies In-Person Training Course

Pre/Post Test

Participant Code _____

1. Which organization leads global coordination of the GBV sub-cluster?
2. Name three levels of the ecological framework.
3. True or False: Focused GBV case management services should be understood as a specialized mental health intervention.
4. For programme management, what is “a qualitative or quantitative factor or variable that provides a simple and reliable means to measure achievement, to reflect the changes connected to an intervention, or to help assess performance”?
5. Name four types of assessment tools that might be used to collect information during the early stages of an emergency to develop a GBV programme?
6. What organization, based in Uganda, has developed materials for working toward social, behavioural change to combat intimate partner violence?
7. True or False: GBV programming focuses on women and girls because men and boys don't face risks of sexual violence.
8. Name an institute or foundation dedicated to caring for humanitarian workers with resources you can access online.
9. Name an IRC program resource package focused on working with men and boys to prevent IPV.
10. True or False: Organizations replaced the term *violence against women* with the term *gender-based violence* to reflect an interest in committing equal attention to violence affecting both men and women.
